the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 12.5 million, and the number of people aged 75 and over from 4.5 million to 6.5 million (Office of National Statistics 2000).

There is a growing awareness of the need to address the needs of older people in the community. The Department of Health (1999) has published a strategy for older people, which sets out a vision for the future of older people's health and care. The strategy is based on the principle of 'active ageing', which is the process of optimising the health and well-being of older people, so that they can live as long and as healthy a life as possible.

Alton

1985

For the past five years Alton's City Motor Vehicle License (the 'City Sticker') has been a graphics design project in Dale Livingood's Advanced Vocation Commercial Art Program at the J.B. Johnson Career Development Center.

This year 28 unidentified designs were sent to Mayor Paul Lenz to select the 1985 city sticker. The design, which he and his committee chose, was created by Kathy Zibrida, a Jerseyville High School senior. The mayor presented a Certificate of Appreciation and a Key to the City of Alton to Kathy.

Kathy is the daughter of Mr. and Mrs. Steve Evancho. Kathy plans to study Technical Illustration at Meramec Community College in St. Louis.

one week on March of 1964 they held the top five positions of the national top ten. Their music was some of the most influential and enjoyable ever created. Their wit and charm was a very positive force on the youth around the world.

Trust

Trust in thyself as you would trust in they lord
Trust in thy name and believe the world will change
Trust in me as if I were thy own brother,
Trust my words for they'll always be true
Trust yourself to be a better person, to know and see
All the things that will come to thee
Know trust as trust might be true,
Know trust your life might start off new.

Her home is Herford West Germany that is in a metropolitan area of about 230,000 people. The main trade in the area is in linen and textiles.
